

8. All of the other players must count their remaining dominoes that are in their hand and each domino counts as one point. Write down the scores of each player.
9. If there are no more dominoes in the draw pile, each player should count their dominoes.
10. Play the next round. At the end of each round, write down the score for each player. Players try to have the lowest score.
11. Determine before the game is played how many total rounds will be played.
12. The player with the lowest score wins!

JET CHANUKAH Dominoes

Instructions

Object of the Game:

Be the first player to play all of your dominoes.

1. Place all the dominoes face-down in one draw pile.

2. Each player picks up 4 dominoes for their hand.

3. One domino from the draw pile is placed face-up

4. The Youngest player goes first. He/she looks at his/her dominoes to see if any of his domino pictures can match one of the pictures on the face-up domino. If it does match, he lays it adjacent to the matching domino.

5. If he doesn't have a matching picture, he must draw from the draw pile, continuing to draw until he has a domino picture that will match.

6. When he plays a matching domino, his turn is over.

7. The next player then tries to find a matching domino picture in his hand. If he has one, he plays it. If not, he must draw more domino cards until he can find a match that he can play. When any player plays his last domino, he wins the game!
